

Online Research Bibliography of Written Language & Literacy

Version 11 - Most-frequently cited entries -

Compiled and edited by Terry Joyce [terry@tama.ac.jp]

© April 2022

This is a supplement to the main ORBWLL Version 11 PDF, which currently contain 9,300 bibliographic entries.

This file lists the top 104 most-frequently cited entries, in descending order (from 219 to 49 citations).

NB: An online version (<http://faculty-sgs.tama.ac.jp/terry/awll/orbwill/index.html>) also includes *Cited by* information for the majority of entries, based on the 67,238 citations among the source bibliographies. For that reason, it may be most beneficial to also consult the online version in combination with this PDF version and the main ORBWLL data PDF.
